

Dear fellow residents of the Cederlaan, I would like to introduce myself as student manager of the Cederlaan complex, my name is Hans de Greef. I study Real Estate Management and I like to do sports, such as ice hockey. As a student manager I'm there for students who have any questions, problems or complaints. You can also contact me for missing inventory.

There is also a new fresh Facebook page where we would like to further expand the community of the Cederlaan. You can become a member here: [Cederlaan residents](#)

If you have any ideas or activities for the community, you can also share them with me or in the Facebook group.

For further questions and/or comments I can be reached by telephone on 06-48615466 (or WhatsApp) or just drop by at nr. 290.
