

Dear resident,

My name is Noah Tabor and I am 21 years of age. I operate as the student manager of this Vestide building. Next to this I am also a full-time Mechanical Engineering student at Eindhoven University of Technology. One of my jobs as a student administrator is to be the connection between you, the resident, and Vestide. My goal is to make your stay as comfortable as possible. So if there is anything you want to know about the building, living here or have any missing small inventory, you are always free to contact me via the information stated below. Of course you are always allowed to ask me when you see me in or around the building or visit my room.

On top of all this, you can also join a Facebook group for the building.

I hope to see you around sometimes!
